★★★★★ **Best Hoverboard! 10 ★'s**

Reviewed in the United States on December 26, 2019

Color: Blue **Verified Purchase**

Good evening TOMOLOO! We recently purchased two hoverboards for both our boys. We were contacted by you about leaving a review for two free bags for each hoverboard we bought. I left a 5 star review along with a video. These were honestly the best Christmas presents we could have ever bought. Both our boys said it was the best present ever. Not only did they love them our 4 nephews tried them and had a blast. They are going to be purchasing them for their kids

birthdays this year. I have sent them the link for your brand as I can attest they are the best.

★★★★★ **Amazing!!**

Reviewed in the United States on April 29, 2020

Color: Blue **Verified Purchase**

This was the MOST favorite gift that my granddaughter (10 years old) was given for Christmas this year! She just LOVES it, and is on it all the time, even in the house (works extremely well on hardwood floors). The sound system is amazing! Blue tooth is able to transfer any of the songs that she wants onto her hoverboard. So . . . if you can take all of the loud music, and the singing as she drives this thing around the house, go for it!! My son (42 years old) gets on it every chance he can too!

KT

★★★★★ **Works well for kids**

Reviewed in the United States on May 27, 2020

Color: Blue **Verified Purchase**

Bought this for my 8 year old as a birthday present. She figured it out relatively quickly and so did mom and dad. It has a weight limit and we've followed that. The speaker works great although we didn't buy it for that feature at all-it seemed unnecessary, but most of the hoverboards we were looking to purchase had them. My daughter really likes playing music on it while she rides, so it worked out. It's difficult to ride over bumps outdoors and works a lot better indoors on smooth

★★★★★ Works well for kids

Bought this for my 8 year old as a birthday present. She figured it out relatively quickly and so did mom and dad. It has a weight limit and we've followed that. The speaker works great although we didn't buy it for that feature at all-it seemed unnecessary, but most of the hoverboards we were looking to purchase had them. My daughter really likes playing music on it while she rides, so it worked out. It's difficult to ride over bumps outdoors and works a lot better indoors on smooth surfaces vs sidewalks, streets, etc. If you're looking for a kids hoverboard I don't have any complaints. I researched for what was a reputable kids option and frequently saw this one mentioned so that's why we went with it.

★★★★★

Not i if you have any kind of handicap! I AND YOU HAVE TO PAY to return it...

Reviewed in the United States on March 30, 2020

Color: Blue **Verified Purchase**

This seems like a good, high quality product. However, I wouldn't know because I have somewhat of a club foot so all I did was spin in circles. I am used to riding a segway, so I am familiar with the concept. I sure wish there had been some specification to handicapped persons "do not order if you have any kind of handicap". Now I am returning the hoverboard I paid (used-like new) \$155 for & had for only 4 hrs of (attempted) use...but at MY OWN EXPENSE which at UPS is \$46.10. So basically I have lost over \$55 to try a product that I did not know would not adjust in anyway for my handicap. I felt debilitated since I tried to step on the product, now I feel broke for having lost \$60 in this whole process. If the company is fair & will reimburse me due to lack of notation for handicapped persons...along with the fact that I contacted them immediately about not being able to use it because of a (very slightly) clubbed foot/handicapped....i will gladly post update & be most pleased with customer service...

★★★★★

Excellent hoverboard choice for 13-year-old!

Reviewed in the United States on January 4, 2020

Color: Blue **Verified Purchase**

We purchased this Tomoloo hoverboard for our 13-year-old daughter for Christmas and are THRILLED. It is sturdy, steady, and reliable. It charged easily out of the box and the charge generally lasts more than an hour with constant use. She already knew how to ride a hoverboard, so there was no learning curve, but I've noticed that this one has more speed and maneuverability than the hoverboard she learned on. She has been using the hoverboard

both inside and outside (one sidewalks at a park) constantly every day during her winter break

★★★★★ Great quality & battery life; Kids love it!

Reviewed in the United States on May 1, 2020

Color: Blue | Verified Purchase

We purchased this hoverboard for our daughter's 8th birthday, after reading great reviews online, and we're super happy with the device! We have tile & hard wood floors with transitions between the two, and this hoverboard navigates them like a champ. The battery life is almost TOO good, as the kids are constantly on it. My daughter has actually been using it while crafting at our table, and it's pretty much a part of her body now. XD My son (12) is now begging for one for HIS birthday, and this has been such a great activity being sheltered in place for the quarantine, we may just cave!

Fenny

★★★★★ 8 year old LOVES it but plug is tricky to connect

Reviewed in the United States on January 3, 2020

Color: Blue | Verified Purchase

Santa brought this to our 8 year old and she LOVES it. She practiced on the carpet a few times before riding on the tile. Battery is sufficient but connecting the charging cable to the board is tricky and I have to help. The plug into the board fits very specifically with a hard-to-see notch that must be perfectly aligned in a very small space with no room for light to guide it. Hence, 4 stars since I'd rather not need to be involved. We haven't tried the Bluetooth speaker. Lights are awesome. All of her friends want to ride it.

Genny

★★★★☆ Great purchase!

Reviewed in the United States on December 5, 2019

Color: Blue | Verified Purchase

My daughter absolutely loves this hoverboard. She rides it all day everyday. I've had it for about two weeks now with no issues. Sound of the speakers is great and Bluetooth is easy to connect. The lights are very bright! My husband was able to ride it and he's over 200 lbs. The customer service was great! I would definitely recommend.

GYROOR T580 HOVERBOARD SELF BALANCING SCOOTER WITH MUSIC SPEAKER LED LIGHTS. 6.5 INCH TWO-WHEEL ELECTRIC SCOOTER FOR KIDS ADULT - UL2272 CERTIFICATED

Feature:

SMART APP CONTROLLED - This self balancing scooter comes with an efficient app that helps you stay in control, giving you the ability to change modes, check batteries, see the real speed, Changing led light colors and adjust speed with ease.

FOR ALL RIDERS – Coming with 2 modes, the children mode makes this hover board easy to control for a first-timer or a kid rider. While its adult mode allows expert riders easily perform hoverboard tricks.

MUSIC SPEAKER INCLUDED - For the music lovers, the Gyroor Swift spots a built-in branded high quality music speaker that allows you play music when riding the hoverboard.

SELF BALANCING BOARD - We have adopted the self balancing technology to make this hoverboard easier and safer for new riders. Perfect your balancing with a full rest of mind!

SAFETY CERTIFIED – This UL2272 certified hover board has passed strict electrical and safety test to protect charging and rides. If you feel this hoverboard is not performing to standard, feel free to contact us.

Specifications:

Safety : UL 2272 Certified Hoverboards
